CEO, Imperial Innovations Group, plc

on

**Thursday, 5 February 2009**

at 1000 hrs in the  
Chemical Engineering Lecture Hall  
National Chemical Laboratory  
Pashan Road, Pune – 411008

**Susan Searle**

Susan Searle  
CEO, Imperial Innovations Group plc  
London, UK

Susan Searle is Chief Executive Officer of Imperial Innovations Group plc, an AIM listed company founded by Imperial College. Imperial Innovations is an integrated business combining the activities of technology transfer, incubation and investment across healthcare, engineering, environment and IT sectors.

Susan has been instrumental in growing the business since joining the Ltd Company in 1994. Previously she worked at Montech (Australia), Signet Group plc, Bank of Nova Scotia and Shell Chemicals Limited in the UK and internationally in a variety of business development and commercial roles.

She has served on the boards of 15 spin-out companies including TurboGenset Inc. and sits on the boards of Thiakis Limited, EVO Electric Limited and i2india Holdings Limited.

She has an MA in Chemistry from Exeter College, Oxford University
