CSIR-NCL wins CSIR Technology Award 2013

CSIR-NCL has been honoured with the CSIR Technology Award 2013 for the technology marketing and business development efforts undertaken by NCL Innovations and the Business Development Division.

The CSIR Technology Award for business development and technology marketing is given for the following efforts: business generated, knowhow and intellectual property marketing, special initiatives taken including new business mechanisms, incubation set ups, analytics, marketing efforts, socio-economic impact, strategies for improving future outcomes, and credibility. The award also recognizes technology transfer activities including lab-to-market initiatives, technology incubation, and commercialization of NCL's technology portfolio.

The CSIR Technology Award for business development and technology marketing is given to one among CSIR's 37 laboratories around the country. The award will be given away by the Honourable Minister of Science & Technology and Earth Sciences in New Delhi on September 26, 2013 – the CSIR Foundation Day. The award carries a cash prize of ₹2.00 lakhs, a plaque and citation.

Given annually, CSIR Technology Awards were instituted in 1990 with a view to foster and encourage in-house multidisciplinary team efforts and external interaction for technology development, transfer, marketing and commercialization.

National Chemical Laboratory (NCL) (www.ncl-india.org), Pune India is a research, development and consulting organization with a focus on chemistry and chemical engineering. It has a successful record of research partnership with industry. NCL is a flagship laboratory of the Council of Scientific & Industrial Research (CSIR, www.csir.res.in) which is the largest network of publicly funded research institute in India.
